INTERVIEW SUMMARY

All participants (applicant, applicant's representative, PTO personnel):

1. James G. Smith
2. Brett Halperin

Date of Interview 09/27/01.

Type: Telephonic

No exhibit Shown or demonstration conducted.

Claims discussed: 1-19

Identification of prior art discussed: Fleitman (5,377,360) and Cunliffe (5,966,742)

No agreement was reached with respect to the claims.

Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments.

Applicant's representative contacted the Examiner to discuss omissions to the office action mailed 09/20/01. The topics of discussion are listed below:

1. The Examiner set no period for reply. This period is usually three months, extendable to six months.
2. The Examiner cites Fleitman (5,377,360) on page 4, but does not list Fleitman on the Notice of References Cited and did not include a copy of this patent with the Office Action.
3. The Examiner rejects Claims 1-19 but does not state why Claim 13 was rejected.
4. The Examiner uses Cunliffe (5,966,742) to reject Claims 1-4, 10, 11, 12, and 16-19 under 35 U.S.C. 102 (b). However, in the first three paragraphs explaining why a 35 U.S.C. 102 (b) rejection applies, the Examiner refers to Cunliffe as Cunliffe's visor. In the next two paragraphs he refers to it as a cap. Applicant's representative pointed out to the Examiner that Cunliffe (5,966,742) is a cap with a separate headband attached to the lower peripheral edge of the cap, unlike applicant's invention, which has the visor headband integrated into the device.

The examiner stated that a revised office action would be sent to the applicant's representative.

Dated: October 4, 2001

Respectfully submitted:
